

The **Centre for Training and Networking in Nonviolent Action – KURVE Wustrow** was founded in 1980 with the aim of turning concerns about violent conflict, environmental degradation and social injustice into conscious nonviolent action.

KURVE Wustrow conducts trainings, workshops and events in the field of civil, nonviolent conflict transformation at home and abroad. We send young volunteers as part of the “weltwärts”-programme as well as International Peace Workers as part of the “Civil Peace Service” (CPS) to selected crisis regions. For this purpose, KURVE Wustrow is closely cooperating with partner organisations in the Balkans, in the Middle East and in South and Southeast Asia. Further focal points of our work include our commitment to climate and resource protection and against nuclear energy.
